Ambassadorships to Be Distributed Upon Acceptance.

WASHINGTON, March 10.—(Special to The Advertiser)—President Wilson has not completed his roll of diplomatic appointments, but announcements are expected within a few days. Richard Olney, of Massachusetts, can be ambassador to Great Britain if he wishes. Democratic Chairman William F. McCombs, can be ambassador to France, if he wishes. T. W. Gregory, a lawyer of Austin, Texas, may be ambassador to Mexico. There is some doubt whether he would accept if he were offered the position. Charles R. Crane, of Chicago, can go to St. Petersburg, or Peking, if he desires.

Augustus Thomas, the playwright, probably will be ambassador to France if Mr. McCombs does not accept. Otherwise he may be offered the ambassadorship to Germany.

Frederick C. Penfield, of Germantown, Pennsylvania, will be ambassador to one of the European courts, probably Russia, Austria or Turkey.

SECRETARY BRYAN'S TALK TO DIPLOMATS

SAYS EQUITY AND JUSTICE IN ALL INTERNATIONAL DEALINGS SHOULD PREVAIL.

(By Federal Wireless Telegraph.)
WASHINGTON, March 10.—(Special to The Advertiser)—Secretary Bryan, by appointment today, formally received most of the diplomatic corps in Washington. The secretary made a felicitous speech, telling the corps, in the name of President Wilson, of the earnest desire of the administration to strengthen the relations between the United States and other members of the great family of nations. He spoke in an optimistic way of the possibility of accomplishing that result through the application of the principles of justice and equity in international dealings.

Ambassador Jusserand, the dean of the corps, replied and then personally presented the members of the diplomatic body to the new secretary of state. They were particularly impressed by Mr. Bryan's earnest appeal to them to call upon him personally and without restraint, whenever they felt that the relations between their own government and the United States demanded speedy consideration and action.

VERINS, France, March 10.—(Special to The Advertiser)—Ten persons were fatally, and forty seriously, injured in a panic, caused by the explosion of a moving-picture apparatus in a small upstairs theater, late last night. The audience numbered 120.

Militant Suffragettes After the King Burn Railway Stations For Ballot

(By Federal Wireless Telegraph.)
LONDON, March 10.—(Special to The Advertiser)—While King George was en route to parliament today, five suffragettes stormed the royal coach at Whitehall and attempted to present His Majesty with a "Votes for Women" petition. They were arrested. Two other women making a similar attempt were arrested at another point.

As the King's coach passed the Mall, four militant suffragettes hurled handfuls of paper at the vehicle, but King George ignored the activities. A crowd threatened to duck the women in the lake at St. James Park and they quickly dispersed.

The passenger station of the Great Western and Central Railways, at Sanderton, Buckinghamshire, was destroyed by them today. "Votes for Women" placards were found in the ruins. Simultaneously the Croxley Green station in London, and the Northwestern railway station at Watford, were fired and partially destroyed.

Chaos found at the several stations showed suffragettes are responsible, and it was added that there would be no peace until women were given the ballot.

SCORES OF PLUMBERS SEEKING LICENSES

Over a hundred persons, the great majority of whom were Orientals, crowded the corridor at the city hall, last night, to take the plumbing examination required by the ordinance passed recently.

The examination, presided over by J. J. Mielstein, was held in the council chamber, to which the applicants were admitted one at a time, judging by the number of persons applying for an examination it would appear that Honolulu has as many plumbers as Chicago or New York, although it was remarked last night that also might not have as many when the results of the examinations are made known.

The board of plumbing examiners is composed of J. L. Young, H. P. Hertelmann, W. L. Emory, W. P. St. Clair and C. L. Asselin.

GETS ROBBER WHO LOOTS COUNTRY CLUB

Chief of Detectives McDuffie yesterday arrested David Kalapa as one of the men responsible for the burglary at the Country Club, three weeks ago, when thirty-two dollars in money and a valuable ring constituted the loot. Kalapa has confessed, according to McDuffie, and implicated several other youths in various robberies which have occurred recently.

Detectives were sent out last night to gather in the other members of the gang and McDuffie is confident that with these arrests he has broken up a band which has been giving the police some trouble recently.

DYNAMITE AGAIN! SPREADS DEATH

EXPLOSION DEVASTATES TOWN OF IRVINE, SCOTLAND, AND MANY ARE KILLED.

(By Federal Wireless Telegraph.)
GLASGOW, Scotland, March 10.—(Special to The Advertiser)—A terrific dynamite explosion today wrecked the town of Irvine in Ayrshire. The number of dead is not yet known. Six bodies have been recovered. It is said that the injured number hundreds.

The explosion occurred at Nobel's explosive works at Ardeer, thirty miles from this city. For a radius of several miles it had the force of a destructive earthquake.

The town of Irvine was shaken to its foundations. Many houses, churches and public institutions were destroyed. Ceilings fell everywhere, partitions collapsed and scarcely a window in the town was left intact.

People walking in the streets were thrown to the ground and many seriously injured. All the inhabitants rushed from their homes in consternation.

The waterfront and the harbor are masses of wreckage. There were three distinct explosions followed by an immense column of smoke two miles high.

GUATEMALA TOWN IS DESTROYED BY 'QUAKE

(By Federal Wireless Telegraph.)
WASHINGTON, March 10.—(Special to The Advertiser)—Causing a great loss of life and property, an earthquake destroyed the town of Guajmoula, Guatemala, Sunday, according to telegraphic advices received here today from the American minister to that country.

The shake covered a radius of fifteen miles and communication with the district is severed. A relief expedition is en route to the stricken town.

ENDORSEMENTS BY COMMITTEE KEPT SECRET IN VAIN

Acting on a cable from Johnny Wilson, who claimed that he had received information from diverse different and second-hand sources that President Wilson was extremely anxious to have the Democratic Territorial Central Committee state its wishes as to whom should be appointed to federal positions in Hawaii, that body held a meeting behind locked doors last night.

After it was over and the various speeches made by members had been interpreted to John Ellinger, and the flip-flop brothers, Pacheco and Wolter, it was announced that the proceedings and the names of those endorsed would be held a strict secret.

However, it leaked out that Clarence D. Pringle, the man without a party, had been endorsed for the position of internal revenue collector to succeed Charles A. Cottrill. Those who heard this said they didn't care to hear the names of the others endorsed.

"If they endorsed Pringle for such a position, it is no surprise that they wish to keep their other endorsements a secret," said one prominent politician last night, who further remarked that the endorsement of the territorial committee would have about as much weight in Washington as the feverish and disjointed utterances of Johnny Wilson will have with the President.

As far as the majority of the Democratic party in Hawaii is concerned, the territorial committee has long been regarded as a joke, he said, and the endorsement of Pringle furnishes further cause for laughter.

PORTUGUESE FIGHT MOZAMBIQUE BLACKS

LISBON, Portugal, February 18.—News received from Mozambique, Portuguese East Africa, states that the interior tribes, under their principal chief Dapana, invaded the territory of Namalga, Mozambique, and massacred a large number of European colonists.

The Portuguese government immediately sent out a punitive expedition, numbering a thousand men, to quell the natives in their depredations. After a forced march of four hundred miles, mostly under a burning sun, the expedition reached the scene of rebellion and engaged the Portuguese.

The main battle lasted five hours and the natives were dispersed, leaving on the battle field 300 dead and 500 wounded. The Portuguese troops had lost killed and twenty-two wounded.

This victory of the Portuguese forces is considered of great importance as it opens a new and vast region for settlement and the commerce of the Portuguese empire.

HUERTA FEDERAL BEATEN IN BATTLE

Rebels Capture Nacozari and El Tigre and Kill Many.

Refugees Fleeing Across American Border For Safety.

(By Federal Wireless Telegraph.)
DOUGLAS, Arizona, March 10.—(Special to The Advertiser)—Following a twelve-hour battle, in which there is reported to have been many killed and wounded, the Nationalist rebels occupy the town of Nacozari today. The federal garrison evacuated the town last evening under a flag of truce and 121 of its original 171 members marched weary and bedraggled into Agua Prieta, opposite Douglas today. How many of the fifty were killed and wounded is not known.

The federal garrison at El Tigre, an important mining center, also fell before the Nationalists late yesterday. The government commander surrendered without firing a shot and marched out of the town. Armed townspeople hurried the federals in their retreat southward, killing four and wounding eleven, according to reports which reached Agua Prieta today.

General Ojeda, in command of the federals at Agua Prieta, withheld all possible information of the defeat of the government forces at Nacozari. Various accounts of the battle, however, were furnished by stragglers from the town, who followed the federals in their flight.

According to the stories, the rebels outnumbered the federals, who offered a desperate resistance. Many rebels were killed in addition to the heavy federal losses, which seem certain.

Nogales was thrown into a panic of fear today, when a report was circulated that several hundred rebels, encamped fifteen miles south of the town, were marching toward the border. Scores of refugees carrying their valuables fled to the American side.

QUARTER OF THE SESSION IS GONE

HOUSE REVIEWS ITS WORK AND WONDERES AT ITS MODERATION IN EXPENDITURES.

Speaker Holstein informed the house yesterday how the finances of the same stood in relation to the federal and territorial appropriations for expenses.

There is a hitch between the two houses as to the proper division of the federal coin. The senate fixed the "divvy" at eighteen thousand for the house and twelve for the senate and the house changed this to twenty thousand and ten thousand respectively. The amended resolution was returned to the senate, but so far the upper branch has taken no further notice of it.

Out of the twenty thousand the house expects to get, \$4182.35 had been spent up to the end of business of its fifteenth session day, last Saturday, leaving a balance of \$15,817.65 on hand, but still subject to the whims of the senate.

Of the \$26,000 territorial appropriation for house expenses, \$6231.44 had been spent. Right here the senate has nothing to say as it passed its own appropriation for expenses of the session at \$25,000.

Up to last Saturday, the fifteenth day of the session and exactly one-quarter of the sixty-day limit, 144 bills had been introduced in the house. Seven concurrent and three joint resolutions have also been introduced, besides quite a number of concurrent and joint resolutions which came from the senate. The house also had sixteen petitions presented and one hundred and two reports from standing committees and three from special committees have been made and acted upon. Communications by the hundred have been received.

At eight o'clock last night the Hawaiian wireless station reported being in touch with the M. N. S. E. Lurline, which reported being 187 miles from Honolulu. At the same time the station was in touch with the S. S. H. H. H.
